**CAN EMERGENCY PERSONNEL FIND YOU IN YOUR TIME OF EMERGENCY?  
SUZANNE HATHON - CODE ENFORCEMENT OFFICER**

Valuable time may be lost trying to locate your home or business if you do not have your address numbers posted and visible. Address numbers should be clear enough so that police, fire department, and paramedics can quickly locate properties in an emergency. Address numbers are often the only way that first-responders can identify their intended destinations.

For your safety, The Town of Bernalillo has a section in the Street Address Ordinance #126 that addresses this issue. Section 6. Duty to Display Numbers states "It shall be the responsibility of the owners of property to obtain numbers assigned in accordance with this ordinance. All properties containing buildings shall display the appropriate address numbers with durable numerals at least **three inches high** in such manner and location as to be plainly visible from the street."

The Town of Bernalillo will begin issuing Notice of Violations (NOV's) beginning July 1, 2018 for those not yet in compliance. Section 7. Penalties states "Any owner of property failing to display a number for any building or premise after receiving a notice in writing from the Town Zoning Administrator to do so, and who continues to fail to display such number, shall be subject to a fine of \$5.00 (five dollars) for each day which a failure to do so continues."

If you are in need of vinyl, adhesive backed numbers contact Alana Lovato at 771-7118 or stop by the Planning and Zoning Department at 829 S. Camino del Pueblo.

## SAVE WATER & SAVE ENERGY

*Saving energy and water does more than help the environment, but also helps you save on your utility bills. In each issue we'll offer three simple tips to help you save:*

- We have a huge problem with plastic ending up in our oceans, and plastic takes energy to produce, so consider keeping reusable bags in your car to shop at the grocery store. Some stores, such as Smith's and Whole Foods, will even give you credit for providing your own bags. Reusable bags are available at Trader Joes for just 99¢ a piece!
- Replace your dryer sheets with wool balls that will not only soften your clothes, but can also cut down drying time by half, saving you time and money. Each ball lasts about a year. You can get a pack of 6 for as little as \$6.50 at [amazon.com](http://amazon.com).
- To conserve on water waste, take shorter showers and turn the water off when shaving.
