

ARE YOUR RADON LEVELS SCARY?

The only way to know is to test.

Radon is a radioactive gas that can cause lung cancer. Most exposure happens inside buildings where the gas cannot escape.

FREE radon test kits are available at:

Garfield County Public Health

195 West 14th Street in Rifle

Garfield County Public Health

2014 Blake Avenue in Glenwood Springs

CLEER

520 S. Third Street, Carbondale

Garfield County
