ARTICLE 1
AGREEMENT

Section 1.1. This Agreement is between the City of Chillicothe, Ohio, hereinafter referred to as the "City" and IAFF Local 300, hereinafter referred to as the "Union." References to the "Administration" in this contract mean the Mayor or his or her designee.

Section 1.2. Should any part of this agreement be declared invalid by operation of law or tribunal of competent jurisdiction, such invalidation of such part shall not invalidate the remaining portions hereof and they shall remain in full force and effect for the term of this agreement.

Section 1.3. If any term of this agreement is made illegal by state or federal laws, the parties shall meet to negotiate over the changes these laws had on the Agreement. If an agreement on the terms affected is reached, the parties shall incorporate the changes into this Agreement. Where no agreement can be reached, the parties shall submit the changes to binding arbitration.

Section 1.4. The terms of this agreement shall be binding upon the parties and may not be amended or altered by City ordinance or resolutions or by any action by the Union. The express provisions of this Agreement may be changed only by mutual written agreement between the parties dated and signed by the Mayor and on behalf of the Union by the Executive Board.

ARTICLE 2
STATEMENT OF PURPOSE

Section 2.1. It is the intent and purpose of the parties to use their best efforts to serve the citizens of the City of Chillicothe and the public in general; and to achieve better understanding, communication and cooperation between the City, the Union, and its members in the bargaining unit; to assure the proper and uninterrupted provision of fire and EMS service to the citizens; and to promote orderly and harmonious employee relations, and an attitude of mutual respect and fair dealing among the City, the Union, and the bargaining unit.

Section 2.2. Chillicothe and the IAFF, Local 300 agree that Chillicothe is the sole provider of Fire and EMS services, excluding mutual aid and/or automatic aid agreements for the life of this contract. This provision shall cease to have force and effect at the expiration of this contract, April 1, 2021.

ARTICLE 3
RECOGNITION AND DUES DEDUCTION

Section 3.1. The City recognizes the Union as the sole and exclusive representative of all bargaining unit employees (referred to as "all employees") as to all matters concerning their wages, hours, and terms and conditions of employment and as a spokesman for members in the bargaining unit requesting representation.

- A. "Bargaining Unit" includes fire inspectors and all firefighters, except the Chief and Assistant Fire Chiefs.
- B. Excluded are clerical stenographic and non-uniform employees.

Section 3.2. While this agreement is in effect, the City will deduct once each month the regular monthly union dues and assessments from the wages of employees who individually and voluntarily authorize and direct such deductions in writing. The authorization and direction shall be irrevocable for the remaining period of the applicable collective bargaining agreement between the City and the Union and shall be automatically renewed and irrevocable for successive applicable bargaining agreements between the City and the Union unless written notice to revoke such authorization is given by the employees to the City and to the Union not more than forty (40) calendar days nor less than ten (10) calendar days prior to the expiration of any such collective bargaining agreement. The Union shall hold the City harmless from liability arising out of any action taken by it or omitted by it in compliance with or in any attempt to comply with the provisions of the Agreement. Such dues and assessments shall be transmitted by the City to the designated bargaining unit representative. Such designation shall be filed with the City Auditor. Any change in designation shall immediately be made known to the Auditor.

Section 3.3. All employees in the bargaining unit who are not members in good standing of the Union shall, as a condition of employment, pay a fair share fee to the Union. All employees hired who do not become members in good standing with the Union shall, as a condition of employment, pay a fair share fee to the Union the first day of the first full pay period following sixty (60) calendar days of employment. The deduction of the fair share fee from the earnings of the employee shall be automatic and does not require a written authorization for payroll deduction.

The Union shall submit information to its members regarding the amounts of money it expended for collective bargaining and contract administration for the benefit of members and nonmembers in the previous fiscal year (January 1 to December 31) and the amount of the proposed fair share fee. The statement shall set forth all expenditures in sufficient detail so all bargaining unit members can gauge the propriety of the proposed fee. In no event shall the amount of the proposed fee exceed the amount of Union dues. The Union shall meet with any bargaining unit member who requests further information. The Union shall provide any interested member information about appeals of fair share fees.

No member of the bargaining unit is required by this article to become a member of the Union. Any person who objects to paying the fair share fee because of religious beliefs as provided in Section 4117.09 (c) of the Ohio Revised Code shall be exempted.

The Auditor shall also send an alphabetized member list and Fair Share Fees list including mailing addresses to the designated union representative.

Section 3.4. Indemnification. The Union agrees to indemnify and hold the Employer harmless against any and all claims, suits, orders, or judgments brought or issued against the Employer as a result of any action taken or not taken as a result of the Union under the provisions of this Article.

ARTICLE 4 **REPRESENTATION**

Section 4.1. The City agrees that no more than two (2) professional staff, IAFF paid representatives, of the Union shall be admitted to the City's facilities and work sites during

working hours upon reasonable advance notice to the City. Such visitations may be for: (1) ascertaining whether or not this Agreement is being observed by the parties; (2) participating with the City in the discussion of problems; (3) processing and participating in the adjustment of grievances; and (4) attending other meetings. Said professional personnel shall contact the Department Head or a designated supervisor before such visits. The Union agrees that such activities shall not interfere with the normal work duties of employees except to the extent authorized by the City.

Section 4.2. Labor Management Committee. The City and the Union, desiring to foster better day to day communications, and to achieve and maintain a mutually beneficial relationship through the use of a continuing communications program to effectively maintain stable labor management relations and avoid controversies, do hereby establish a labor management committee.

The purpose of the committee is to discuss, explore, and study problems referred to by the parties to this agreement. This committee, by mutual agreement, shall be authorized to make recommendations on those problems that have been discussed, explored and studied.

In order to have a frank and open discussion, the committee shall have no authority to change, delete, or modify any of the terms of the existing City Union Agreement, nor to settle grievances arising under the City Union Agreement. Committee discussions shall not be publicized except for those recommendations that have been mutually agreed upon.

The committee shall be composed of eight (8) members, four (4) representing the Union and four (4) representing the City.

Chairing the committee shall alternate between a representative appointed by Management and a representative appointed by the Union. The representative appointed as chair shall serve a term commencing with the close of the meeting at which the appointment is announced and continued until the end of the next meeting.

Meetings will be held quarterly and may be called by either party, prior to scheduled meeting, if necessary. An agenda shall be submitted seven (7) calendar days prior to the meeting by both parties.

Section 4.3. Meetings of the Chapters or Committees of the Union will be permitted at #1, #3, or #4 Fire Stations when and where work is not interrupted by such meetings. General meetings of the Union Body shall be permitted at # 1 station after 1700 hours on City business days, and after 1200 noon on weekends and observed holidays. Members on duty shall be allowed to attend said meetings. These meetings shall not address partisan political issues and be held in an area designated by the Fire Chief. At no time will Union meetings of any kind interrupt emergency service to the City. All meetings, time and place are to be with the Fire Chief's knowledge and approval. Meetings are to be scheduled in advance in writing to the Fire Chief or his or her designee.

Section 4.4. At the request of the Union, members of the Union selected by the Union to participate in any Union activity shall be granted a leave of absence with pay, with approval of the Fire Chief. A leave of absence for such Union activity shall not exceed more than 120 hours per contract year total. An hour is counted for each person who takes it off.

Section 4.5. The City agrees to allow up to five (5) bargaining unit representatives (not more than two (2) on a paid shift) and up to two (2) professional staff, IAFF paid representatives, of the Union to serve on the Union bargaining Committee for time spent in actual negotiations with the City to negotiate or renegotiate this agreement pursuant to Article 26. Where such meetings occur during such bargaining unit representatives regularly scheduled straight time hours on the days in question, they shall be attended without loss of pay or benefits. The Union will notify the City of the names and normal work schedules of representatives selected for this purpose at least one (1) calendar week prior to the first scheduled negotiation date.

ARTICLE 5
WORKING OUT OF CLASSIFICATION

There are times when a temporary opening within the promoted ranks of each shift is created by approved absences such as vacation, sick, or any of the other various leaves. Such temporary openings will be filled by the person ranking highest on the eligibility list for the position where the opening occurs. When there is no one on the shift that is on the existing eligibility list, that position will be filled by the most senior qualified person on the shift where the opening exists, with one caveat. Anyone filling the position of Acting Captain must be a sworn Lieutenant; no exceptions. In a situation where no Lieutenants are available for temporary assignment on the shift where the opening exists, the City reserves the right to make any transfers deemed necessary by the Fire Chief to make the appropriate assignments to the position of Acting Captain. Firefighters will not fill the position of Acting Captain.

Acting position appointments may not continue longer than one hundred twenty days, and in no case shall successive acting appointments be made. An acting appointment longer than one hundred twenty days may be made if necessary by reason of sickness, disability, or other approved leave of absence of regular officers, in which case it may continue during the period of sickness, disability, or other approved leave of absence, when deemed necessary by the Fire Chief.

ARTICLE 6
MANAGEMENT RIGHTS

Section 6.1. Both parties recognize and acknowledge they are bound by the collective bargaining provisions of Ohio Revised Code Section 4117.08 and any deletions or amendments thereto.

Section 6.2. Management will only do bargaining unit work when an emergency exists, or for the purpose of training bargaining unit employees. Management also has the right to do bargaining unit work when a union member is not available.

ARTICLE 7
NO STRIKE – NO LOCKOUT

Section 7.1. Inasmuch as this Agreement provides machinery for the orderly resolution of grievances, including resolution by an impartial third party, the City and the Union recognize their mutual responsibility to provide for uninterrupted services to the Citizens of Chillicothe. Therefore:

- A. The Union agrees that neither it, its officers, agents, representatives, nor members will authorize, instigate, cause, aid, condone, or participate in any strike or work stoppage or other concerted activity by its members or other employees of the City. When the City notifies the President of IAFF Local 300, by certified mail that any of its members are engaged in any such activity in Section 7.1(A), the Union shall immediately order such members to return to work.
- B. The City agrees that it, its officers, agents, representatives, neither individually nor collectively, will authorize, instigate, cause, aid or condone any lockout of members of the Union. A lockout is a cessation of the furnishing of work to employees in an effort to get more favorable bargaining concessions for the Employer. Layoffs, extra time off, or reduction in hours is not a lockout.
- C. In the event any other employee or group of employees of the City engages in any interruption of the City's business by way of strike or work stoppage of any kind, members of the Union shall make every reasonable effort to come to or continue to do their work. Where any member desires to come to work but is prevented from doing so due to the strike or work stoppage activities of other employees, he or she shall call his or her first level of supervision that can be reached, express his or her concerns, and request assistance in coming to the workplace. Any member who undertakes such reasonable efforts shall be guaranteed no loss of pay or benefits for each day he or she makes reasonable efforts.

The fifty-three (53) hour rate is a mathematical computation of the base pay for Fire Department employees working twenty four (24) consecutive hours and off forty eight (48) consecutive hours. The forty (40) hour rate will be the rate used for Fire Department employees working eight (8) hours in a twenty four hour period, and/or forty (40) hours in a seven (7) day period.
- B. The City shall equalize an employee’s pay check, 106 hours per pay.

complete the month's work, he shall also be paid longevity benefits on December 1 as long as years of service will be satisfied as of his December anniversary date.

Section 8.5. Promotion Salary Range. Any person who is acting out of classification shall be paid at the next step in their classification that pays at least a five percent (5%) increase in salary, or the first step of the higher class title position if they are already in the top step of their current classification. Class Title employees listed in the official pay plan contained in this agreement shall be advanced to the next succeeding step in the annual range for their class title and shall receive an automatic salary adjustment equivalent to this next higher step within the annual salary range for their Class Title for each full year's service commencing on the employee's anniversary date. Employees are required to meet State of Ohio certification as a Paramedic to advance to Step E on the Firefighter hourly salary range, as long as the city takes all reasonable steps for the employee to complete training during the first four years of employment. However, if the Department Head files in writing with the Secretary of the Civil Service Commission thirty (30) days prior to the employee's anniversary date reasons why the employee should be denied the automatic advancement and salary adjustment, the Chillicothe Civil Service Commission shall immediately, upon receipt of this writing, mail a copy to the employee by Certified Mail, a return receipt requested. The Commission shall within a fifteen (15) day period from the receipt of this writing conduct a hearing on the facts with a copy of the notice of the hearing date to the employee and the Department Head, allowing both parties to be present and to present any evidence on the question. The Commission shall within fifteen (15) days of the hearing give a final decision on the granting or disallowance and shall reduce their conclusions in writing and mail a copy to the Department Head, Employee, and the City Auditor. It is understood the nine percent (9%) matching does not apply to this transaction. All rules, requirements, and conditions of deferred compensation accounts shall apply.

ARTICLE 9
HOURS AND OVERTIME

Section 9.1.

A. Except for eight (8) hours per day forty (40) hours per week personnel, the normal work schedule for bargaining unit employees shall be twenty-four (24) consecutive hours on duty, followed by forty-eight (48) consecutive hours off duty. Every eight (8) weeks,

each bargaining unit member shall be granted one (1) unpaid Kelly Day, a 24-hour tour of duty off to effect an average work week of 53 hours to comply with FLSA. The one (1) 24-hour tour of duty off without pay for each bargaining unit employee shall be granted only for those employees in active pay status during the normal work schedule as work schedule is defined herein.

Kelly Days shall be scheduled concurrently with Holivac Days on the following basis; on each unit, Kelly Days will be granted first to the employee with the highest classification or rank; and so on, to the employee with the least classification or rank on each unit. In the event of equal classification or rank, seniority will be used to determine who will have the first choice. Accumulated time pursuant to the provisions of the section shall be prorated upon the employees' termination of employment with the City of Chillicothe, Ohio.

- B. Overtime is assigned by the Chief or his or her designee, and may be subject to final approval by the administration. All overtime must be approved first before it is worked. Overtime is not guaranteed.

Section 9.2. Fifty three (53) hour, and forty (40) hour bargaining unit members working outside their schedule shall be paid time and one half (1 ½) of the forty (40) hour rate. Fifty three (53) hour bargaining unit members not regularly scheduled to work on a holiday and actually working on that holiday shall receive two (2) times the forty (40) hour rate for hours actually worked. Firefighters regularly scheduled to work on a holiday and actually working on that holiday shall receive time and one half (1 ½) of the fifty-three (53) hour rate for all hours worked.

Section 9.3. Officer in charge of the shift will notify bargaining unit employees as soon as possible upon changes in the work schedule and or duty assignments.

Section 9.4. The City may temporarily assign employees to fill class title vacancies while any Civil Service procedure is being conducted to fill such vacancy. The employee shall receive the appropriate rate of pay, but not less than his or her regular rate. In no event will this procedure continue for one individual for longer than ninety (90) days.

Section 9.5. Any employee who accepts a request by the City to work during the hours outside his or her regularly scheduled straight time hours on the day in question, which hours will not abut his or her regularly scheduled shift hours on that day, will receive a minimum of two (2) hours pay at the applicable hourly rate.

Section 9.6. Any employee who accepts a request by the City to work during hours outside his or her regularly scheduled straight time hours on the day in question shall only be paid for the actual hours worked at the applicable rate of pay, where such additional hours abut his or her regularly scheduled straight time shift hours on that day.

Section 9.7. Any employee who shows up for work at his or her scheduled starting time on any regularly scheduled day and is sent home other than for disciplinary reasons or illness or injury shall receive a minimum of two (2) hours pay for each such incident, at the applicable rate, where the City cannot provide work for the employee.

Section 9.8. Whenever the City requires an off duty bargaining unit member to appear in any court on matters pertaining to or arising out of City business, such Fire employees shall be compensated a minimum of two (2) hour's overtime pay.

Any off-duty employee who is subpoenaed or otherwise required to attend court for the City in any proceeding, shall be paid his or her overtime rate of pay for such periods. The employee shall obtain and remit to the City Auditor whatever sum is paid to him or her as compensation by the court for his or her appearance or service. The employee shall provide a copy of the subpoena notice as evidence that he or she appeared and served as mentioned above to receive pay for the same. Employees will not be compensated for any court related service which is a non-work related civil case.

Section 9.9. Any overtime worked in any week may be taken by the close of the next pay period in which the overtime is worked as compensatory time off the job in lieu of overtime, by approval of the employer. In the event scheduling compensatory time off creates a scheduling problem; in the sole discretion of the Chief, the Chief may extend such period to accommodate the employee's request for time off. Such compensatory time shall be granted at the rate of one and one half (1 ½) hours for each hour worked. No more than eighty (80) hours of comp. time may be accumulated. All comp. time must be used or cashed in as prescribed by Department policy.

Section 9.10. Any employee required to serve on jury duty will be compensated at his or her regular rate of pay while serving on a jury on his or her scheduled shift. The employee shall obtain and remit to the City Auditor whatever sum is paid to him or her as compensation by the court for his or her appearance or service. The employee shall provide a copy of the jury duty notice as evidence that he or she appeared and served as mentioned above to receive pay for the same.

Section 9.11. Leap Year Day: Leap Year Day shall be exempted from the work schedule set down in Section 9.1, Article 9. The additional hours of Leap Year Day will be covered by splitting the day into eight (8) hour shifts for each work unit.

An example of how this will be done follows: preceding day, February 28th, #1 on duty. Instead of being relieved at 0800 on February 29th, #1 Unit remains on duty for the first eight (8) hours of Leap Year Day. At 1600 hours on February 29th, #3 Unit relieves #1 Unit and remains on duty until midnight February 29th, at this time #2 Unit comes on duty and remains on duty until 0800 March 2nd. Then #3 Unit comes on duty and the normal work schedule is resumed until the next Leap Year Day.

Employees actually working scheduled hours from 0800 February 29th through 0800 March 1st of any Leap Year shall receive one and one-half (1 ½) times the employee's fifty-three (53) hour rate for all scheduled hours actually worked. Such hours are not overtime, and compensation for these hours shall not pyramid.

ARTICLE 10
ROTATION OF OVERTIME OPPORTUNITIES

Section 10.1. When the Chief or his or her designee determines overtime is necessary, he or she will rotate overtime opportunities among qualified full time employees. The City agrees to post and maintain overtime rosters which shall be made available to the steward upon request. Any employee, who is not in current working status due to a personal illness, injury leave or transitional duty, shall not be entitled to consideration for overtime except in dispatch as long as the maximum hours do not exceed the number of hours allowed by the physician. Any employee who is currently on personal leave or military leave shall not be entitled to consideration for overtime during the paid hours of leave. Said rosters will be posted in an appropriate location in the facility and will include a list of overtime hours worked and refused, with overtime offered to the employee within the department or unit who, on the roster, has the lowest aggregate hours worked and refused. Overtime is not guaranteed.

Section 10.2.

The following rules shall apply to overtime opportunity equalization:

- A. The equalization groups shall be:
 - 1. O= Operator/Dispatcher
 - 2. S= Squad
 - 3. E= Engine
 - 4. T= Tower
 - 5. P = Paramedic
- B. The designated officer in charge of the shift shall have the responsibility of calling the employees based on the board computations of overtime credits.
- C. All overtime hours worked will be recorded on the overtime roster regardless of said overtime.
- D. When overtime for an entire shift is necessary, the employee with the lowest aggregate overtime hours on the overtime list will be given the opportunity to work the first or second twelve hours. This is not a guarantee that a minimum twelve hours overtime will be worked.
- E. Where there are errors in the distribution of overtime opportunities, as determined by agreement between the steward and the officer in charge of the shift, the City will be given one opportunity to correct the error by granting to any member whose rights were violated the next similar opportunity for overtime within his or her overtime group.
- F. Members entering or reentering the overtime groups.
 - 1. When a member first enters the overtime list the member will be charged the number of opportunity hours plus one of the member(s) who have the most overtime credits on the overtime list. If there is more than one member entering

the list at the same time seniority will be the deciding factor with the least senior being added last.

2. When a member drops a group (OSETP) and then wishes to re-add that group, the member will be re-entered at the level of the member(s) who have the most opportunity hours in that group plus one. If there is more than one member entering the list at the same time seniority will be the deciding factor with the least senior being added last.
 3. When a member adds a group after first entering the overtime list the member will stay at the level of overtime credits the member has on that date. There will be no penalty for adding new groups. The final deciding factor for adding groups will be the Captain in charge of said member's shift.
- G. When the officer in charge determines that overtime is necessary on the relieving shift, he or she will schedule the overtime, beginning with the employee with the lowest aggregate overtime hours. Attempts to contact a firefighter for overtime for the day shift shall not be made after 10:00 p.m., unless an emergency. The next attempt to assign day shift overtime shall be made at 7:00 a.m. If no one is assigned by 8:00 a.m., a firefighter on the current shift shall be held over.
- H. Where the officer in charge determines that there is an immediate unanticipated need for overtime hours to be worked at the end of a shift and determines that this imminent need cannot wait for an off shift employee to be called in to work, the City may assign overtime to the employee on the currently scheduled shift, who will not be relieved. The overtime roster may also be disregarded in the event of an emergency call-in due to fire, natural disaster, or immediate need for on-duty fire personnel. Such overtime shall be charged on the roster for purposes of equalization, but a temporary imbalance thereby caused shall not be grievable.
- I. When an employee's name comes up on the overtime roster while the employee is on vacation, or Kelly Day, he or she shall be eligible for overtime.

ARTICLE 11 **GRIEVANCE PROCEDURE**

Section 11.1. A grievance as used in this Agreement is defined as a complaint involving the interpretation, application, or enforcement of the terms of this Agreement.

Section 11.2. A grievance, under the procedure, may be brought by an employee who is in the bargaining unit. Where a group of employees desire to file a grievance involving a situation affecting each employee in the same manner, one member selected by such group will process the grievance while still identifying each affected employee in writing.

Section 11.3. The Union will designate not more than one (1) steward per watch or unit. Should the bargaining unit increase by half during the term of the Agreement, the parties will negotiate over selection of an additional steward. The Union will provide, upon request, a list of all those bargaining unit members designated as a steward.

Section 11.4. A member of the Union may choose to have his or her appropriate unit steward represent him or her beginning with the informal step of this Grievance Procedure. The employee's supervisor will arrange a meeting to take place as soon as possible for the employee with his or her appropriate steward. Employees and stewards will be permitted a reasonable amount of time off that will not be abused by the member, the appropriate steward, or the Employer. In a group grievance, discussed in Section 2 of this Article, only one (1) of the grievant plus the Steward shall be in pay status during the investigation and processing steps provided by this Article.

The Union agrees to limit the time spent by the stewards in handling grievances to that reasonably required to handle the grievance. The steward shall be permitted to investigate and handle grievances during working hours. They shall be compensated at their normal rate of pay for all time spent during shift working hours in handling grievances. The handling of grievance procedures shall not unreasonably interfere with their work schedule.

Section 11.7. The following are the steps for handling employee grievances:

For the purpose of counting time, the first calendar day of any particular time period will not be counted and the last calendar day will be counted. All references to calendar days in this section shall not include weekends and holidays.

The fees for a court reporter shall be borne by the party requesting one, but shall be divided equally if both parties desire a reporter or request a copy of any transcript.

Either party may submit a written request to AAA for the names of eleven (11) qualified arbitrators, domiciled in Ohio, including personal history and arbitration experience of each. AAA rules shall apply to the selection of the Arbitrator.

Section 15.8

The most senior employee shall be the primary member and the other spouse will be covered as a dependent. The spouse not designated as the primary member shall not be entitled to payment under the “Opt Out” provisions described below.

Bargaining unit members are able to discontinue receiving medical benefits through the City, due to the fact that they have insurance coverage through another source.

It is understood that by waiving coverage through the City of Chillicothe, bargaining unit employees and their dependents may not submit claims for reimbursement. This includes, but is not limited to, any claims paid or denied by the other insurance company regardless of the reason.

In order to be eligible for the Buyout, employees and their dependents must currently be enrolled in another health plan. The participating employee and spouse (if any) must sign a waiver and provide verification of coverage under the other plan.

Such payment will be afforded to the employee the first pay period following the employee’s effective date of enrollment under an alternative plan.

Participants of the Buyout may return to the City of Chillicothe Employee Benefit Plan for health care coverage during the plan year, only when one of the following events has occurred resulting in the loss of primary plan coverage:

- Death of person who held the primary coverage
- Divorce or legal separation
- Loss of other coverage due to reduction in hours
- Discontinuation of entire health care benefits by the other plan participant’s employer

Confirmation that one of the qualifying events has occurred is required within 30 days of occurrence. If the qualifying event is death, divorce, or legal separation, written confirmation with proof of the qualifying event will be provided by the employee.

All other qualifying events require written confirmation from the medical benefits provider or its covered individual's employer. Upon written confirmation, any member returning to the City's employee benefit plan will be re-enrolled the first of the following month after receipt of the written confirmation.

When one of the above reasons has not occurred, but the employee wishes to return to the City of Chillicothe Employee Benefit Plan, he may do so during the annual enrollment period each year. Pre-existing conditions will be waived.

In the event that one of the above qualifying events has not occurred, or an employee fails to provide written confirmation within thirty (30) days of a qualifying event, any employee that elected to Opt Out pursuant to this agreement may select to receive benefits, including dental and vision, as then provided by the City and available to members of Local #300 not participating in the Opt Out agreement, only by making such election during the annual enrollment period each year. Pre-existing conditions will be waived subject to HIPAA portability requirements.

The City agrees to reimburse the firefighters upon the City's reimbursement for any payment received for the contamination or loss of items for which the employee must pay for from his or her clothing allowance.

Employees shall not receive uniform allowance while on injury leave, extended sick leave, or extended leave (in excess of 30 calendar days); however, the allowance will be prorated for the length of time actually worked. The Chief, in his or her discretion, may waive this provision in the event that an employee's protective clothing is damaged in the course of duty.

Pro-rata Uniform/Equipment allowance shall be granted for the year worked.

Section 16.2. Upon separation of employment from the Fire Department for reasons other than retirement, issued turnout gear and badges (shirt, coat, hat and Fire Department Identification) that are determined to be serviceable by the Fire Chief shall be returned to the department.

The keys to such a bulletin board shall be provided to the top Union official in the bargaining unit, who shall be responsible for posting and/or approving the posting of notices thereon which employees may read when reporting to or leaving their work stations, or during their free time. The minimum size of this bulletin board shall be two (2) feet by four (4) feet

Section 17.2. The Union agrees that no notices will be placed on the bulletin board which contain:

- A. Personal attacks upon any City employee or official;
- B. Scandalous, scurrilous or derogatory attacks upon the Administration;
- C. Attacks on any other employee organization;
- D. Attacks on and/or favorable politically oriented comments regarding a candidate for public office or Union office; and

Each such employee shall submit evidence from the military to show the actual amount of military compensation received or payable as a result of such time as the employee is on leave of absence.

ARTICLE 19 **CORRECTIVE ACTION AND PERSONNEL FILES**

Section 19.1. No employee shall be disciplined except for just cause.

Section 19.2. It is recognized by the parties that the City may prescribe regulations for the custody, use, and preservation of the records, papers, books, documents, and property pertaining to the City. Every member shall be allowed to review his or her personnel file at any reasonable time during regular business hours upon request in the presence of the Fire Chief or designee. If any member is involved in a grievance regarding matters in his or her personnel file which may be material, the Union representative will be granted access to the member's personnel file at reasonable times where such access is authorized, in advance, by the employee member in the presence of the Fire Chief or designee. The employee may make copies of all documents in his or her personnel file. Should any member have reason to believe that there are inaccuracies in documents in his or her personnel file, the member shall have the right to submit a written statement detailing his or her objection(s) to the materials in question. Any such statement shall be attached to the objectionable material. This does not prohibit any rights under the grievance procedure.

Information in an employee's personnel file shall be disclosed in accordance with State and Federal law.

Certain records shall not be disclosed:

- A. Medical records;
- B. Adoption, probation and parole proceedings;
- C. Information about O.R.C. 3107.42(A), regarding releases and proceedings of adopted persons;
- D. Trial preparation records;
- E. Confidential law enforcement investigatory records;
- F. Records, the release of which is prohibited by state or federal law.
- G. Incident reports relevant to employee files and injury reports.
- H. Any other records pursuant to law.

Section 19.3. No document which does not include as a part of its normal distribution a copy to the employee, or which does not originate with the employee, shall be placed in the personnel file unless the employee is first provided a copy. Anonymous material shall never be placed in the employee's personnel file.

Section 19.4. A written performance evaluation shall be made of each employee at least once in every calendar year. The employee shall receive a copy of the evaluation in its final form. Evaluations can be grieved only under two (2) conditions: 1) the evaluation did not occur at least once in a year; and 2) the evaluation was arbitrary.

Recognizing that "Employee Performance Evaluations" should be factual, informative and constructive in nature, the City and the Union agree that the following guidelines will be followed:

Upon completion of the evaluation form, the person rating will arrange for a conference with the person rated to:

- A. Specifically explain, discuss and comment upon each section of the evaluation form.
- B. Answer questions pertinent to the evaluation.
- C. Elicit comments and questions from the person being rated.
- D. Give constructive comments as to how to improve in specific areas.

Each section of the evaluation having been rated less than satisfactory shall be documented. Every effort will be exerted by the rater to be professional, unbiased, and informative in his or her rating. The employee being rated shall view the evaluation as a factual, informative key to the efficiency of his or her performance with the Fire Department of Chillicothe. It is fully expected that the rating will serve to cause improvement in the future. The purpose of the performance evaluation shall only be used to inform the employee of their job performance. The performance evaluation shall not be used for discipline purposes.

Section 19.5. The Employee's signature on any performance evaluation shall be viewed by the parties only as a representation that he or she reviewed the evaluation; it shall not be viewed as a representation that he or she concurred in any or all of the data contained therein. The employee shall always be the last person to sign his or her evaluation, and he or she shall receive a copy of the evaluation in its final form when he or she signs it.

Section 19.6. Performance evaluations for firefighters shall be made annually by three (3) separate individuals of higher rank than the employee including his or her immediate supervisor, who are sufficiently familiar with the employee's performance to accurately perform such evaluation.

Section 19.7. The Employer will administer a system of progressive discipline based on its assessment of the circumstances as follows:

- A. A warning is a written statement to an employee that certain behavior or job performance is unacceptable or unsatisfactory and if continued would subject him or her to further discipline. There may be instances where a greater level of discipline will occur without any written warning.
- B. A reprimand is a written statement to an employee outlining his or her unacceptable or unsatisfactory behavior or job performance and, noting that as a matter of discipline, his or her activity is being documented for future Employer evaluations of him.
- C. A suspension is a written statement to an employee outlining his or her unacceptable or unsatisfactory behavior or job performance and ordering him or her to suspend his or her work performance for a specified number of work days without pay.

- D. A demotion is a determination that an employee's unacceptable or unsatisfactory behavior of job performance has rendered him or her incapable or undeserving of assuming his or her existing job responsibilities. He or she may then be reassigned to another job or reduced one pay step within the job classification.
- E. A discharge is a written notification to an employee outlining his or her unacceptable or unsatisfactory behavior or job performance and terminating the existing employment relationship. A discharged employee is expected to fulfill all of his or her employment obligations up to the exact time the discharge is effective, and thus is required to complete all required forms and reports, and return all property issued to him.
- F. Before the employer issues a suspension, demotion, or discharge, the employee is to be given a personal opportunity to informally present his or her statement about the facts and circumstances of the proposed Employer discipline. The Employer is to notify the employee or IAFF Local 300 representative of the time, date, and place where the hearing is to occur. The Employer's decision to schedule the time and date of the hearing is final. The employee will be considered to have waived his or her opportunity for a hearing if he or she fails to attend the scheduled hearing. The hearing may be rescheduled if the grievant could not attend for legitimate reasons.
- G. Any form of discipline for any matter may be counted against an employee for determining a greater level of discipline for any subsequent offenses.
- H. Administering discipline is a management right. Management's decision to administer a certain level of discipline for a given offense is not to be relied on by employees as a binding practice to every similar circumstance.
- I. Disregarding evidence of discipline from file or other sources:

Discipline	Disregard Date
Warning	Six (6) months
Reprimand	One (1) year
Demotion	Two (2) years
Suspension	Two (2) years
Discharge	Permanent

The date of previous action will be used as the benchmark for disregarding evidence of prior disciplinary action. The Chillicothe Civil Service Commission is a separate, independent entity under Chapter 124 of the Ohio Revised Code. The Employer will not use, attempt to use or otherwise rely upon such material after the times specified above, nor will the Employer use, attempt to use or otherwise rely upon any other records that might exist where such records relate to matters beyond the times specified above.

Section 19.8. The City and the Union agree to adopt the system of Discipline Without Punishment (D.W.P.). D.W.P. may be used in place of or in addition to the current system of progressive discipline and corrective action.

D.W.P. is briefly described as follows:

The aspects of positive and negative punishment:

The focus of a punishment-oriented approach to discipline is: “How can I get you if you don’t succeed.” The focus of a positive approach to discipline is: “How can I help you succeed?”

This approach is based on four beliefs:

1. In adults, punishment produces many undesirable effects and few if any desirable ones.
2. It takes time and money to train employees.
3. Organizations have a responsibility to treat people humanly.
4. People respond well to respect and success.

Three goals of a supervisor in a positive approach to discipline:

1. Get the job done.
2. Develop people in the process.
3. Create a positive work environment.

The respect, rights and responsibilities of the employee, the supervisor, and the organization must be kept in balance.

A non-punitive system of discipline must contain seven basic steps.

1. A written plan.
2. An oral reminder.
3. A counseling session.
4. Documents of decisions of the counseling session.
5. A decision making paid leave. Optional.
6. Meeting to write the decision.
7. Termination as the employee’s decision.

The primary objective of the counseling approach: Identify and solve the problem.

The primary objective of reprimand: Blame, find fault and punish.

When to ignore a problem: Never

When to confront/remind/counsel: Within 24 hours.

Three choices when an employee makes a mistake:

1. Confront it.
2. Live with it.
3. Terminate.

In conclusion, here are eight steps to successfully implement a positive approach to discipline.

1. Let labor in on the planning.
2. Put the plan in writing.
3. Hire strategically.
4. Train well.
5. Write job goals.
6. Give attention and appreciation.
7. Follow the written plan.
8. Document.
