LOGAN CITY, with a population of 10,620, is the County Seat of Cache County. It is the business center of the valley and has banking and mercantile facilities to serve a city of twice its size. The climate is delightful, ranging from the warm, growing months of summer, through the brisk, exhilarating spring and fall, to snappy winter weather which brings with it the characteristic winter sports of sleighing and skating.

LOGAN CITY is served by electric and steam railroads and has local electric car service. It is on a paved highway running north from Salt Lake City and is on the direct route to Yellowstone National Park. The city has its own electric lighting system and is also served by a private power company. Plenty of water for home purposes is furnished by the city system which pipes pure spring water from Logan Canyon. An extensive sewer system serves the city.

LOGAN is a city of comfortable homes. Its broad, paved streets, parked with verdant grass, its fine public and private buildings, its efficient street lighting system make it a beautiful city in which to live.

The four banks of Logan have total resources of $5,676,525 with deposits aggregating $4,787,314 and loans totaling over $2,938,810. The capital and surplus of these banks total the considerable sum of $572,500.

LOGAN has four knitting factories which do an annual wholesale business of $500,000 in seventeen states.

The candy factories of Logan, four in number, have made the city generally known as the home of fine candies. An annual business, wholesale and retail, of nearly one-half million dollars is done.

LOGAN has one daily and one tri-weekly newspaper. It has three theatres, and fifteen churches. Its position on the Yellowstone Highway and its proximity to Logan Canyon, a summer playground of unsurpassed beauty, make it a tourist center. Tourists are well served by four modern hotels. Seven garages cater to the needs of autoists. The city maintains a free public camping ground, fully equipped for auto travelers.

An active Chamber of Commerce with a membership of four hundred, and a live Rotary Club add much to the vitality of Logan's community life.

Whether you come to Logan for a day, or whether you come to make your home in this Temple City in the mountains, the people of Logan will welcome you heartily.

Names Appearing in Black Letters

In this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGERS who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

FARMERS' AND LAND OWNERS' DIRECTORY

(Copyright Secured 1921).

Note—In the following List of Farmers and Land Owners, same are arranged in alphabetical order. These names have been obtained from the Official Tax Lists at the County Seat, and are therefore considered correct. Following the name of each land owner is given: First, number of acres owned; second, assessed valuation; third, owner's post office address.
