## Colorado Roadworthy Motorcycle Checklist

**\*\*To be completed by a Certified VIN Inspector\*\***

C.R.S. 42-1-102 (55) "Motorcycle" means a motor vehicle that uses handlebars or any other device connected to the front wheel to steer and that is designed to travel on not more than three wheels in contact with the ground; except that the term does not include a farm tractor, low-speed electric vehicle, or low-power scooter.

C.R.S. 42-6-102 (15) "Roadworthy" means a condition in which a motor vehicle has sufficient power and is fit to operate on the roads and highways of this state after visual inspection by appropriate law enforcement authorities. In order to be roadworthy, such vehicle, in accord with its design and use, shall have all major parts and systems permanently attached and functioning and shall not be repaired in such a manner as to make the vehicle unsafe. For purposes of this subsection (15), "major parts and systems" shall include, but not be limited to, the body of a motor vehicle with related component parts, engine, transmission, tires, wheels, seats, exhaust, brakes, and all other equipment required by Colorado law for the particular vehicle.

- 42-4-205(2) **Head Lamps**—Every motorcycle shall be equipped with at least one and not more than two head lamps which shall comply with the requirements and limitations of sections 42-4-202 and 42-4-204 to 42-4-231 and part 3 of this article where applicable thereto.
- 42-4-206 **Tail Lamps and Reflectors**—Equipped with one tail lamp mounted on rear shall emit red light plainly visible from a distance of 500 feet. Height measured not more than seventy-two inches nor less than twenty inches. Every motorcycle shall carry at least one reflector meeting the requirements of this section (5).
- 42-4-208 **Stop Lamps**—All motorcycles manufactured or assembled after January 1, 1958 shall be equipped with at least one stop lamp meeting the requirements of this section.
- 42-4-223 **Brakes**—Equipped with brakes to control the movement and to stop and hold a vehicle. One wheel shall be equipped with brakes.
- 42-4-224 **Horns**—Equipped with a horn in good working condition with an audible sound of two hundred feet.
- 42-4-225 **Mufflers**—Adequate muffler to prevent excessive noise.
- 42-4-226 **Mirrors**—Equipped with a mirror free of obstruction that views a distance of two hundred feet to the rear.
- 42-4-228(6) **Restrictions on Tire Equipment**—Must be marked DOT on-road use.
- 42-12-403 **Special Equipment or Modifications**—All original safety equipment must be in proper working condition.
