Some reactions to watch for include:

(7) Under-age persons and persons under the influence of alcohol will not obtain alcoholic beverages served at the function, and the precautions proposed are likely to secure and supervise the area and the participants during the function;

(10) The applicant has an insurance policy currently in effect with liquor liability coverage of not less than the maximum limit established by the Colorado Governmental Immunity Act, Title 24, Article 10, Colorado Revised Statutes, as amended, and the City is named as an additional named insured. (14) The City Clerk may consult with the Police Department regarding the need for security and, where appropriate, may require the provision of private security or the provision of a designated security representative, as those terms are defined below, at the applicant's expense as a condition to the issuance of a Special Private Occasion Permit.

(A) For purposes of this subsection (14), it shall be presumed that a designated security representative be sufficient, where appropriate, for events with less than one hundred (100) people in attendance. A permit may be denied, or conditions imposed, on the grounds that approval would be detrimental to the public safety, health, morals, order or welfare by reason of the nature of the event, the likelihood that the event would create a public nuisance or result in the consumption of alcoholic beverages by minors, its location within the community, or the failure of the applicant to conduct a past event in compliance with applicable laws and regulations.

The request may also be denied if another event has previously been scheduled for that location on the same day and time, or if the event would unreasonably interfere with normal activities and customary and general use and enjoyment of the facility.
