## Council Corner

By Councilman Bryan Benard

Life is precious. So many times we get so busy and involved in our day-to-day responsibilities and schedules to remember that life truly is precious. Many times it takes reflecting on tragic or sad events for us to remember that we need to make every moment count. Whether it is senseless killings like at Sandy Hook, unexplainable times where someone takes their own life, or unexpected accidents that affect us or those we love, the message is clear: enjoy the time you have and cherish those around you.

It is South Ogden's mission to preserve and enhance the quality of our citizens' lives "by providing premium public services, promoting fiscal responsibility and responding in a timely and professional manner to the needs of every resident, visitor or employee of South Ogden City." As a City we strive to improve the quality of life of our residents and help our citizens enjoy their precious time.

We hope to improve everyone's lives in several ways. Certainly we rely on our tremendous police force to serve and protect us—providing us safety on our streets and in our homes. We rely upon our wonderful fire fighters and paramedics to help us in moments of crisis. And we definitely rely upon our fantastic City administrative employees to keep the "machine" rolling and ensuring that all systems are a "go" in the city.

This winter our Public Works department went above and beyond the regular call of duty—keeping our roads clear under terrible conditions. They also provided wonderful service to numerous residents who had problems with frozen pipes. These efforts help make our lives better.

Beyond the basics, we have a great park system and recreation department that helps enhance our quality of life. Great efforts are made to provide our citizens many alternative activities and clean, fun parks and recreation. We are very excited for the amphitheater to get completed at the Nature Park as well.

As elected officials, we constantly strive to fulfill the vision of our strategic plan to make South Ogden THE place to live. We try to envision what is best for our community, not just today, but for tomorrow as well. Every decision we make is our best attempt at fulfilling the City's mission and knowing that life is precious, we want all of our citizens to enjoy their lives in this wonderful community. So get out there and enjoy the day!

## 2013 Strategic Plan Goals

One of the goals of the South Ogden City Council for 2013 is to help promote pride in our community through two organized events (Community Pride Days). The council invites all stakeholders in the community (i.e. faith groups, non-profits, businesses, etc.) to come get involved in helping keep South Ogden the place to live and raise families. These events will include a number of valuable service projects throughout the city including parks, open space, etc.

The first Community Pride Day will be on Saturday, May 18. Please mark your calendar and plan to support us by joining us at this great event. More details will be made available as the event gets closer. Information will be distributed to local churches and businesses and will be available on the city's website.

If you have any questions or would like to discuss some ideas to help make this a great event please contact the city's public works department at 801.622.2900.

## South Ogden City' Storm Drain Regulations

Spring is here and we want to remind you of South Ogden City's Storm Drain Regulations.

- No chemicals should be poured into the storm drain system because these empty into drainage fields and streams, which then go into the rivers and water supplies in this area. Chemicals pollute the ground and/or water supplies, harming the environment and habitat.
- When washing your vehicles or other items outside, use environmentally friendly, biodegradable soaps.
- When using pesticides or garden products also use environmentally friendly products. Use garden products as directed so no over spray will wash down the gutters. Too much spray will kill your lawn.

Individuals caught dumping the above items into city gutters or storm drain system will be criminally prosecuted and may be required to pay all costs associated with the cleanup of areas it may affect downstream. Please notify South Ogden Public Works Department at 801-622-2900 if you suspect or witness illegal dumping into our storm drain system.

## Change in Candidate Filing Period

The Utah State Legislature recently made changes to the candidate filing period for municipal elections. A previous notice indicated the filing period was from June 1-15, 2013; however, the legislature shortened the filing period to June 1 through June 7, effective for the upcoming 2013 municipal election. Since June 1 is a Saturday, the filing period will basically be June 3 thru June 7. If you are considering running for mayor or one of the two council seats up for election this year, you will need to file your declaration of candidacy in person in the city recorder's office, June 3 thru June 7 (Monday thru Friday) between the hours of 8 a.m. and 5 p.m. If you have further questions, please call the city recorder at 801-622-2709.

## Message from the Animal Control

With springtime here, more people and dogs are outside enjoying the warmer weather. Please keep your dog on a leash (Nature Park included) and clean up after your dog. Help keep our neighborhoods and parks safer and more enjoyable for everyone—and also avoid a citation. These city ordinances will be enforced.
