Will this program change? Is this program going to include more or less than is being offered?

- We at PARD ask for everyone’s patience as we roll out some new opportunities for everyone. The launch will have some unexpected hiccups and possibly situations that had not been considered. We promise to work towards as fair and accessible a program possible.
- We do expect some changes in the future. We also expect that as we near registration time for different programs, events and/or fun runs, we will send follow-up information out to everyone. We want to invite all employees to be a part of this program.
- Due to this being a new initiative with programs/services continually changing, the Director of Parks & Recreation has the final determination on overlooked programs, rentals, or membership questions / categories.
