ALL SITE PLANS

All site plans for single-family, multi-family, duplex, mobile homes, additions and accessory structures **must** contain the following:

- Directional arrow (North).
- Applicant information and signature.
- Linear dimensions of lot/parcel of land.
- Location of all **existing** buildings/structures with linear dimensions and square footage. These, if any, must be labeled as “existing”.
- Location of all **proposed** buildings/structures with linear dimensions, square footage and height. These must be labeled as “proposed”.
- Location of proposed setbacks, measuring from the front, rear and all sides of the property lines, to the wall on the proposed building/structure.
- Location of existing and/or proposed driveways.
- Location of all utilities, wells, septic tanks, and any other accessory uses on the site.

APPLICANT INFORMATION:

Name: _____

Address: _____

Signature: _____

Your signature indicates under penalty of perjury that the information submitted is true and correct to the best of your knowledge.

COUNTY STAFF USE ONLY:

DPA NO.: _____

DATE: _____

APPROVED BY:

This site plan meets all applicable requirements of the Wakulla County Code and Comprehensive Plan.

Rev. 3/11/11

PLEASE NOTE: Other items may also be required by the Planning and Community Development Department depending on the type and location of the proposed development, such as applicable state and/or federal permits and additional technical information (such as wetland delineations, drainage reports, etc.).
